Plan To Take Movies Of Park Dedication Program

Do you have yearnings to be in the movies?

If you do, your wish may be granted at the park dedication parade and ceremony, Sunday, June 8.

Dale Hovey, Daly City Record staff photographer, plans to take 16 m. m. moving pictures of the entire program. If you are in one of the many organizations marching in the parade, or if you are an "old timer," you will probably be immortalized in film, according to Councilman Henry Sundermann, chairman of the day.

Latest development in the dedication program comes with word that Daly City Post No. 410, American Legion, is giving a large flag, which will flutter from the top of the new flagpole at Vista Grande park.

What is now known as Acton park will be the starting point of the parade. This park will be dedicated at 1 p. m. The parade will proceed over Brunswick to Wellington to Mission, across Mission, down Hillcrest drive to San Diego avenue, to the recently renovated park currently styled Vista Grande park.

The program will begin with the "Stars and Stripes Forever" march, by Sousa, played by the Daly City band, directed by George Brenner.

This will be followed by the presentation of colors by Daly City Post No. 410, American Legion, and Old Glory Post No. 2044. (Continued on Page 6)

Chrysler Thunderbolt Due Here Today

Something new and exciting in automobile design will be on display this afternoon at the showrooms of A. L. Timossi, Mission Auto company, Chrysler-Plymouth dealer here, located at 6465 Mission street.

"The Thunderbolt," new Chrysler special model coupe, latest development in aerodynamic design, may be seen from 4 p. m. to 6 p. m. today.

Wherever this model has been shown on its nation-wide tour it has caused a sensation. The ultra-modern sleek-sided automobile has been dubbed the "Car of the Future," and the large crowds drawn to its showing everywhere attest to the wide-spread interest it has aroused.

Inviting everyone to see this thrilling new style in automobiles, (Continued on Page 6)

Three Local Men Seek Positions On School Boards

Only contested post in the coming school trustee elections is on the high school board. The two men competing for votes are Remi Sanders, at present chairman of the board, and Peter Markovich, who is making his first campaign for position of trustee.

In accordance with the "open door" policy of the Daly City Record, campaign statements of both candidates are being published in this issue.

The election is set for Friday, June 6. On this date, the vacancy occurring this year in the elementary school board will be filled. The man running for re-election is George R. Augustien, present chairman. He is unopposed.

Polling places and times for the high school trustee election are as follows: Jefferson gram- (Continued on Page 6)

THEY PLAN PARK DEDICATION

Here are the people responsible for the elaborate program to be presented, June 8, to dedicate two Daly City parks, and to honor Daly City "pioneers."

They are the members of the recreation committee, the city council, and representatives of

city departments.

Left to right are Edmund Cavagnaro, councilman; R. L. Crane jr., superintendent of Jefferson school district; Mayor J. J. Fahey; James Ferguson, principal of Jefferson Union high school; Mrs. Maisie Boyle, recreation commit-

tee; Henry Sundermann, councilman and chairman of the day; Mrs. Drew Eason, recreation committee; Police Chief James Reardon; Arthur Bodien, water department superintendent; Councilman Julius Twisten; Fire Chief A. P. Chesney; and Councilman Paul Selmi.

Presiding will be Andrew Vireno, president of the society.

Jew Town Wins Record Tournament

The best bowling team in Daly City!

That's the title that falls to the bunch of boys who call themselves Jew Town. They won the Daly City Record bowling tournament championship, Friday night, beating Hilltop Lodge 2-1.

Last night, on the stage of the Daly City theatre, they were awarded the large handsome cup that had awaited them all during the eleven weeks of the tournament. Each of the players received a medal. The team members were Jerry Reposa, captain, Melvin "Red" Kingham, James Byrnes, Raymond Gabriellini, and Raymond Reposa. Alternate was Frank Hurlbut, who also received a medal.

Trophies went to Warren, of Bank of America, for high average game—181; to Lena Gamba, of Central Creamery, for high av- (Continued on Page 6)

Council To Permit County Housing Survey

In response to a request by the newly-formed San Mateo County Housing authority, the Daly City council passed two resolutions, Monday evening, allowing the county group to make a housing survey here.

This survey is the opening move toward creation of a low-cost housing project in Daly City, according to Wayne Johnson, executive director of the Housing Authority.

The project will involve the demolition or improvement of houses in an undesirable condition at (Continued on Page 11)

Ready For Great Memorial Day Observance Friday

Friday will see the greatest, most colorful observance of Memorial Day in the history of Daly City.

In honor of the soldiers who died on the battlefields of the last war, and to equal in 1941 their patriotic fervor of 1917, a mammoth program has been arranged by B. J. Sendner, chairman of Old Glory Post No. 2044, V. F. W., which is sponsoring the event.

Led by Police Chief James G. Reardon, the longest parade yet held in this city will begin at the intersection of Huron and Mission. Units from all over the northern San Mateo county area and from South San Francisco, will swell the martial progress of the procession.

Starting time is 10 a. m. Chief Reardon wishes to make clear that the parade will begin on time. All units should be in their places by 9:30 a. m.

The parade will wind its way down Mission street—usually so (Continued on Page 11)

Leaders Attend County WPA Meet

A meeting of WPA recreation leaders and committee members from all over San Mateo county was held yesterday at Redwood City. Present from Daly City were Bruce Boynton, Mrs. Maisie Boyle, Mrs. Anne Eason, Mayor J. J. Fahey, Edmund Cavagnaro, and Richard L. Crane jr.

Under discussion were recreation ordinances and budgets. This was of especial interest to the local group, since it is generally felt by them that Daly City is in need of a recreation commission, which can only be established by ordinance.

Two leaders have been added to the Daly City WPA recreation department, Mrs. Laura Lafking and Mrs. Lela Campbell. Mrs. Lafking will be in charge of the playground at Acton and Brunswick and Mrs. Campbell will take care of crafts. Both these ladies have been off duty for two months. The local recreation staff now numbers eight.

Hurry! Get Your Ten Free Swim Lessons

Summertime means swimming-time!

Get your ten free week-day afternoon admissions to Jefferson Union high school pool. How? All you have to do is bring in one-year, paid-in-advance subscription to this newspaper to the Record office. A subscription renewal will do as well.

Swim suits and towels will be furnished free of charge. The second big offer is ten half hour swimming lessons, under the direction of qualified American Red Cross instructors. A four-inch felt swimming insignia will be awarded at the completion of the course.

Jeff High School To Get New Rooms

Jefferson Union high school is prepared to receive bids from contractors for construction at the high school amounting to a six-room addition, announced James Ferguson, high school principal, this week.

The six new class rooms will be an extension of the north-west wing. One of the rooms will be a photography laboratory, which is expected to be one of the finest in the country. The laboratory is in answer to a request by the federal government. The knowledge of photography is considered an aid in national defense, and may prove valuable in business.

The construction project will not call for any extra taxes, according to Ferguson, nor will bonds be issued or any money borrowed.

Students will receive credit for taking the photography course.

Drunk Damages New Police Patrol Car

The new Studebaker patrol car recently acquired by the Daly City police was damaged, Friday, while attempting to overhaul a drunken driver.

Seeing an automobile proceeding in an erratic manner down Mission, police took after it, forcing it to stop in front of Jefferson Union high school.

The police car parked forty feet in front of the other. As the offi- (Continued on Page 11)

Set Date For Balloting On Issue, July 1

On a motion by Councilman Julius Twisten the Daly City board of council passed unanimously, Monday night, an ordinance calling for the issuance of \$40,000 worth of bonds if two-thirds of the citizens vote favorably on such action. Date set for the balloting is July 1.

If the bond issue is passed the money will be spent on improvements and replacements in the equipment and housing of the Daly City Fire department. Contemplated by the fire department are three new trucks, two new pumps, a new alarm system, a hose tower, new houses for companies three and four, a lot for company three, an addition to company five house, nets, floodlights, ladders, equipment for hose dryers, new hose, fog nozzles, and a number of other items.

Other business included a report by Fred Collins, county deputy health officer. The report stated that in the recent "Clean-up Week" drive, 46 truckloads of rubbish were picked up. This compares with 34 truckloads (with a smaller truck) that were collected last year.

The San Mateo County Historical society sent a communication to the council, asking that it join as a sustaining member. The letter outlined the purposes of the society, which were, generally, to collect all historical source material relating to the history of this county or any part of it. The council voted to join the society and pay the membership fee of \$10.

A petition was read by the city clerk from 19 residents of Hillside boulevard protesting against speeding of motorists on that street.

It said, in part, "Must we wait until some child is killed before action is taken?"

The matter was referred to Chief of Police James Reardon, who will see that a motorcycle policeman patrols Hillside boulevard daily.

Representatives of the Daly City post, No. 410, American Legion, expressed the desire of their organization to donate a large flag, to be used on the new flagpole at Vista Grande park. It will be hoisted June 8, when the park will be dedicated.

Draft Board Asks Notification Of Address Change

It is important that anyone registered under the Selective Service act notify their local board of any change of address, states Mrs. Isabelle Flynn, of the local board.

"If we send a questionnaire to the address where a draftee is no longer living," she said, "there is no alternative but to send the individual's name to the U. S. District Attorney for investigation."

Every effort is made by the local board to locate the missing draftees, but these efforts are not always successful, according to Mrs. Flynn. To avoid confusion and delay, she urges that the draftee board be informed of any change of address.

The list of draftees to be inducted, June 4, includes but one (Continued on Page 11)

My Week

Ladies of the Senate

Lunching with the ladies of the senate the other day was very pleasant. I particularly enjoyed having in front of me a most beautiful centerpiece of magnolia blossoms, white against their dark green leaves. At the ends of the table were vases with white Easter lilies and snapdragons, but it seemed particularly beautiful to me to look into those cup-like magnolia blossoms.

The District of Columbia librarians came that same day to look at the books which the American Book-sellers have presented to the White House library. Then they joined my garden party on the lawn. It was the first garden party we have had this year and an almost perfect day. Now and then the wind would take a lovely lady's hat and she would have to clutch it, but otherwise it was neither too warm nor too cold.

The Marine band played delightfully and, in listening to them, I forgot to be tired. The grass was particularly lovely, and so I appreciated the desire of the gardener to keep me moving just a little so the long line of guests would not wear a path across the lawn.

Later I received the Hungarian minister and his wife for the first time since their arrival. Then I had guests from California, Dr. and Mrs. Remsen Bird, who came to spend the night. We had a very pleasant dinner and were much interested in seeing some photographs which Mr. Thomas Campbell brought back from his stay in England.

I am trying to catch up on what seems like an almost unending amount of mail. There are also a good many things which must be read. The President sounded quite cheerful and very busy this morning, and I think everything is progressing well with him.

PICNIC LUNCHEON

The next day the cabinet ladies and I gave our annual picnic luncheon for the ladies of the senate and were fortunate in having a beautiful day. We recalled last year that several showers disturbed our lunch, but this year the only thing which disturbed us was speculation as to what was the real explanation of Mr. Rudolf Hess.

I surmise that there are few people in this country who have not speculated on that subject during the last few days. The writers of mystery stories must agree that reality has outdistanced almost any plot in fiction.

A number of people came to tea and in the evening I went to hear All-American Youth orchestra. The program was beautiful and one could not have wanted a more finished performance. Everyone with me enjoyed every minute of the evening.

After coping for some time now with almost perfectly straight hair, for I wanted to wait as long as possible before having a permanent wave again, I went in the morning and spent three hours and a half at the hairdresser. I always feel as though it is a terrible waste of time, but this morning I accomplished much reading, which otherwise would have remained undone on the bench beside my desk. Incidentally, my hair will be easier to deal with for some time to come.

Somewhat late and somewhat breathless, I arrived at the luncheon given by the ladies of the Seventy-sixth congress. They were so kind about my delay that I recovered very quickly from the apologetic state of mind in which I arrived. I enjoyed not only my neighbors, but the lovely table decorations and the Marine band's music.

Afterwards, I went to see the exhibition of water colors at the National Gallery of Art. From 10,000 water colors sent in from the United States, Hawaii and the District of Columbia, 300 were picked out for a federal hospital in Louisiana. The variety of subjects is entertaining, and I think the water colors will add immeasurably in color and interest to all the rooms in the hospital.

It is interesting to find that most of the painters exhibiting are under 30 years of age and come from 27 states, Hawaii and the District of Columbia. There are 51 women and 103 men represented. I think everyone will find this exhibition enjoyable.

FRIENDS FROM ARGENTINE

One afternoon I had the pleasure of having Madame Ruiz-Guinazu, wife of the Argentine minister of foreign affairs, her two daughters, and Madame Espil, wife of the Argentine ambassador, have tea with me.

Madame Ruiz-Guinazu was fairly exhausted by the amount of sight-seeing which they had done, but everything was of great interest to her. She spoke with enthusiasm of the National gallery and of the beauty of our capitol city. Then she told me at length of her interest in the Congressional Library, particularly the collection of books in braille.

Her son is in charge of this work in the Argentine. Having become blind himself at the age of 17, he evidently determined to lead a busy, useful and, therefore, happy life.

Joint installation of officers for Jefferson Union High School P. T. A. and Sharp Park P. T. A. was held in the auditorium of the high school, last Wednesday afternoon.

Mrs. B. D. Ralston, past president of seventeenth district, was the installing officer. Mrs. Hilda Bruns assisted with the ceremony. Mrs. Bruns is president of the seventeenth district.

Mrs. Allene Lehigh was installed as president of Jefferson Union High School P. T. A. and Mrs. Lampman as president of Sharp Park unit.

The unit received Standard Award and Program Award.

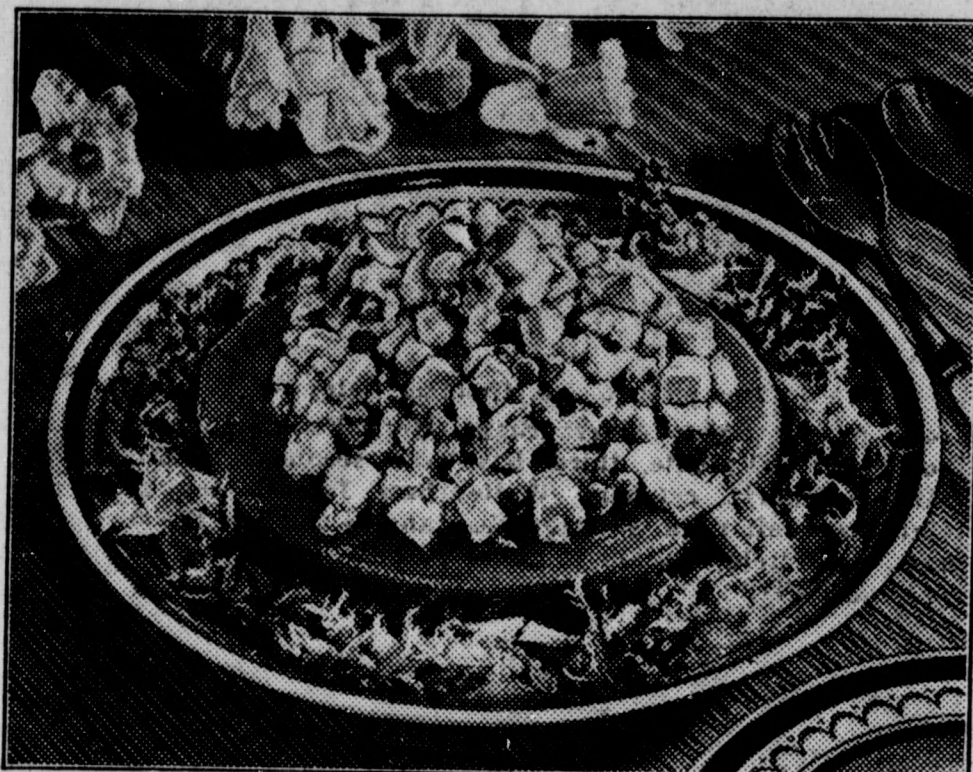

Following the meeting, a fashion show was presented by the students of the school. A stone wall with ivy clinging to it, an arch and trees formed a lovely background for the fashion show. The choir presented two numbers, under the direction of Oscar Busch. Other students taking part in the program were Eugene McClain, Norman Wiseman and Melba Frei who acted as accompanists.

Bob Seiler gave a trumpet solo and Anita Lehigh gave a dance number. Concluding the after-

Meat and vegetable salad served in tomato-jelly ring and set in crisp greens is meat course and salad combined.

For luncheon or supper parties I often serve such double-up dishes. For them I start fresh with meat and chicken specially cooked for the occasion.

At other times, though, this same type of main course salad is a marvelous way to end Sunday's roast with a flourish and use up those odds and ends of cooked vegetables reposing lonesomely in the refrigerator.

Now meat, chicken or fish are dry. Therefore, to give them relish and zest in a salad, marinate them awhile beforehand in salad dressing. And the character of that dressing makes all the difference between just a so-so salad and a glory one.

The dressing I like for many of my meat salads is sharp and given extra flair and flavor by tomato soup . . . you know, the condensed kind that comes thick from the can like sauce. But here is the whole story on two of these salads:

Meat and Vegetable Salad
2 cups cooked pork, cut in 1/4 inch cubes
1/2 cup French Dressing with Tomato
1 cup cooked green peas
3/4 cup celery, diced
6 tablespoons salad dressing or mayonnaise

Cut roast loin of pork or roast fresh ham into 1/4 inch cubes. Pour the "French Dressing with Tomato" over the meat, and put in refrigerator for 2 hours, stirring occasion-

ally. Then add the cooked green peas and diced celery and just before serving mix well with salad dressing or mayonnaise. Serve on lettuce, watercress, or other salad greens. Or place in center of tomato jelly ring. Serves 6.

***French Dressing with Tomato**
1 teaspoon dry mustard
1 teaspoon salt
1 cup salad oil
1/2 cup vinegar
3/4 cup condensed tomato soup

Mix together the dry mustard and salt. Then add the remaining ingredients and beat with the rotary egg beater until thoroughly mixed. Makes approximately 2 cups dressing.

And this same dressing is equally delicious when blended with chicken:

Chicken Avocado Salad
3 cups chicken, cut in 1/4 inch cubes
1/2 cup French Dressing with Tomato

1 cup celery, diced
1 cup avocado pear, diced
2 teaspoons lemon juice
1/2 cup salad dressing or mayonnaise
Cut the chicken into 1/4 inch cubes. Pour the "French Dressing with Tomato" over the chicken, and let stand in refrigerator about 2 hours, stir occasionally so that the dressing is well mixed through the meat. Add diced celery and avocado pear sprinkled with lemon juice just before serving, then blend with the mayonnaise or salad dressing. Serves 8.

An Old Custom

The customs of women dyeing their hair and tinting their fingernails date back some 4,000 years in Egypt, as is evidenced by pictures in ancient monuments and by mummies.

noon, the mothers and friends were served dainty sandwiches, cookies, tea and punch by the students under the direction of Miss Elizabeth Jones and Miss Amy Behrens, instructors of the sewing and cooking classes.

INDIANS TAKE 2nd

Rating second in the final P. A. L. game, Friday, Jefferson Union high school's Indians are out on the diamond playing for all their worth to take the championship away from San Jose.

This week, playoffs for the championship begins. The Indians were to compete with the San Mateo nine yesterday at San Mateo. Tomorrow they play their second game with the Cats on the local diamond. If the case arises where each team wins a game, a final playoff will be held Saturday. Place of play will be decided later.

While Jefferson and San Mateo are busy battling, South San Francisco and San Jose are also keeping the diamond warm. Winners of these two series will play each other for the championship next week.

At present standings in the league are as follows: Jefferson and South San Francisco tie for second with San Jose in first place. From all appearances nothing short of miraculous luck and steady playing will keep the title away from San Jose.

Action was seen, Friday, on the South San Francisco diamond, as the two high schools met in a tight fight for second. The Indians won 3-2 and now are one step ahead of South San Francisco.

Poddig pitched a fine game, keeping the home plate hot with well-thrown balls. Razzari got off a long two base hit scoring Poddig in the seventh inning. This play tied the game 2-2.

Christian then came to bat and made his second hit of the day and scored Razzari which put Jefferson ahead in the ball game.

Playing for the local team were: Valente, third base; Huerta, catcher; Christian, left field; LeKoff, first base; Sharp, short stop; Nava, center field; Poddig, pitcher; Bertini, right field; J. Razzari, second base.

The Indians were also victorious in last Monday's game with the San Mateo Cats. Final score stood 9-10. The game proved to be a game of hits and errors.

Seeing action were: Valente, Huerta, Christen, LeKoff, Sharp, Nava, Poddig, Ruppert, and Razzari. Substitutes were Rainey, McKinnon and Bertini.

Equal Billing

George and Edward Shetler have succeeded in getting equal billing until the very last day of their high school career. Twin athletes and scholars, they co-starred in track, baseball and basketball for four years in Woodhull, Ill.

JEFFERSON'S BASEBALL TEAM

Pictured above is the Jefferson Union high school baseball team, now in the midst of the P. A. L. playoff, which involves the teams finishing the season in the first four places. The Indians finished tied for second with South San Francisco. They played one game with San Mateo yesterday, and play the same team again tomorrow. If they win, they will

have a fair chance to enter the final playoff for the championship.

Shown in the picture are, first row, left to right: Albert Biggs, coach; Ray Valente, third base; Manuel Huerta, catcher; Walter Christen, left field; Charles Razzari, right field; Gerald Thauberger, manager.

Second row, left to right: Enrico Bertini, right field; James McKinnon, pitcher; Bob Nava, center field; Willis Sharp, short stop; Herb Poddig, pitcher; John Razzari, second base; Bill LeKoff, first base. Jack Rainey, short stop, was absent the day the picture was taken. Except for him, this is the entire squad.

Perpetual Help Wins League Game

Despite their star pitcher being ill, Perpetual Help won their second straight baseball game in the CYO league, Friday, at Vista Grande field.

They thumped Visitation 6-2. Valletta, the regular shortstop for Perpetual Help took the place of the indisposed Rode on the mound and did more than creditably for himself. He allowed three hits, two of them in the last—the fifth—inning.

Perpetual Help had a great day at the plate, pasting the offerings of Lavistado, Visitation moundsman, for 12 hits. They had two big innings, the second and third, collecting five hits and three runs in each. Valletta, in addition to his airtight pitching, made three hits out of four times at bat. Core made two for two, and Coughlin and Denning each scored two runs.

Colma Merchants Lose Close Game

Mill Valley American Legion baseball team edged out the Colma Merchants in ten innings, Sunday, at Jefferson Union high school diamond. The score was 3-2.

Three successive singles in the tenth inning spelled ruin for the Colma Merchant forces. Colma was held to six hits by Beckley, Mill Valley pitcher. This was the second one-run defeat suffered by the Colma boys.

Gianni led Colma hitters with two solid blows. Batteries for the game were Bocci, Gianni, Guisti, and R. Guisti, for Colma; and Beckley and Quadros, for Mill Valley.

The game was under the direction of Daly City WPA recreation department. Box score for Colma was:

MEMORIAL DAY

The nation honors her war dead this May 30 in a world where nations are once more locked in mortal combat. Conflicts in Europe and Asia, no longer remote continents but lands only a few hours distant, have again brought flames of warfare close to these shores.

But in such a world, America finds no less reason for paying homage to her soldier dead. These are men who, in two great crises, fought neither for conquest nor spoils, but for ideals which the country held dear. It was an hour of mortal peril for a republic, founded as one nation indivisible, to be split asunder by a Civil War which pitted fellow countrymen against each other on the bloody field of battle. A victory for one indissoluble union preserved these United States intact.

The men who gave their lives in the first World War fought neither for riches nor territory, but to halt a march of conquest which appeared to threaten this land, to administer so resounding a defeat to aggressor powers that never again would the safety of peace-loving nations be endangered by them, and hence the world would be made safe for democratic countries to live in peace. Having contributed greatly to securing victory, the United States—and her allies—did little to keep peace secure. They forgot that among nations eternal vigilance is the price of their freedom. They forgot that if they were disillusioned or disgusted with war, other nations were not. The courageous World War dead honored on Memorial Day did their full part in winning victory, but the living have done less in maintaining it.

To the men who gave their utmost to preserve the unity and the freedom of these United States, the nation deservedly pays reverent tribute.

"Pussy Cat" Game Set For Friday

The "Pussy Cat" football game, in which the high seniors at Jefferson Union high school play the varsity, is scheduled for this Friday, Memorial Day, at noon. The boys will compete on the high school gridiron.

This will be the last time the fans can see their old favorites go through their ball-carrying and line-plunging. Boys such as Dyer, Poddig, Cacciapaglia, Rigler, Razari, and LeKoff, all of whom will be graduating this June, will be on hand.

Admission charge will be nominal. The money will be placed in the athletic fund. The game is being held at noon so that it will not interfere in time with the Memorial Day parade.

The "Pussy Cat" game is an annual tussle. According to Coach John Matthews, "This is a chance to see what next semester's Indians look like. The 'Pussy Cat' game is about as big a competition as the South City game. I'm sure everybody will have a lot of fun at the game."

Possible players for Friday's game are: ends—Steel, Christensen; tackles—Faulk, Becker; guards—Rosenberg, Tatone, Viera; center—Dawe; backs—Ferrando, Andriola, Rupert, Callan, and Bertini.

Spring practice for the Indian gridders began May 19. The first scrimmage was held last Wednesday. Coach Matthews has high hopes for a strong team this year, aided as it will be by the experience of several veterans: Faulk, Ferrando, Dawe, and Rosenberg.

The squad will get two weeks of practice before the high school closes. There will be no practice during summer vacation. Date of practice beginning again is September 2, which will give the Jefferson stalwarts two weeks to brush up on their fundamentals.

Local Officials

Review Safety Patrols

Daly City was represented at the first annual review of San Mateo County School Safety Patrols, Saturday, by Police Chief James G. Reardon, Mayor John J. Fahey, and Councilman Edmund Cavagnaro.

They were present in the reviewing stands, along with officials from every part of San Mateo county. The ceremony was in the form of a parade by San Mateo county children, all of whom belonged to safety patrols.

The affair was sponsored by the Peninsula Police Officers' association, the California Automobile association, and the San Mateo County school board.

The Daly City safety patrol class is under the direction of Chief Reardon, and is made up of children from Our Lady of Perpetual Help school.

Hundred Receive Confirmation

At an impressive ceremony, last Wednesday evening, approximately one hundred students received their confirmation. The students were from Our Lady of Perpetual Help school and the local grammar and high schools.

Bishop Thomas Connolly, San Francisco, conferred the sacrament. Adding to the evening program was the singing of several selections by the small choir. This choir is made up of the lower grades.

Beesons Take Part In Annual Show

Old-time theatrical performers, Tom and Trixie Beeson and their son, Tommy, known in Daly City through their cleaning establishment, took part in the annual show put on by the San Francisco Theatrical club Saturday, May 17, at Druids' hall, 44 Page street.

"The Beeson Trio," as they were professionally known, entertained with harmony trumpet and vocal selections.

The San Francisco Theatrical club is composed of over 200 old-time theatrical performers. A number of Daly City people attended the show, which was a jam-packed sell-out.

Supervisor Visits Daly City

Looking over the recreation situation in Daly City, James W. Barton, supervisor of District 5 of the WPA recreation department, stated that he "would do everything in his power" to increase the local recreation staff.

He was escorted, in his local investigation, by Bruce Boynton, Daly City WPA recreation director. He was shown the projects at the various schools and the local parks. He noted the vacancies left by the recent government reduction in the recreation leader quota.

Barton, recently appointed supervisor, came to Daly City expressly because the local recreation department is considered one of the best in District 5, which extends from San Luis Obispo to Daly City, according to Boynton.

ARE YOU AN "AVERAGE" DRIVER?

If traffic deaths continue throughout the year at the same rate established during the past few weeks, California once again will play a cellar role in the national safety picture.

Safety advice is turned out by the bale by various safety organizations—good, sound advice, too. Police bureaus operate overtime instructing people in traffic precautions. Educators work hard at it in the schools.

The trouble is not in the quantity nor the quality of the safety lessons preached. The trouble is with the average citizen who drives a car or walks across a street; he just won't believe he's average, that the lessons apply to him as well as to the other fellow.

How many readers honestly believe this advice applies to them:

The driver is not a passenger who can look at the sights or carry on an absorbing conversation. His eyes belong straight ahead and his hands on the wheel. His mind should be ahead of the car, thinking of what might happen, before it occurs.

Not many will accept that safety gospel, because mighty few of us would admit we can't be highly intelligent, if not wholly charming, conversationalists while merely steering a car. And many who don't accept it will figure in major traffic accidents before the year is out.

If it's a straight choice of either "charm" or "safety" at the wheel—the average driver will choose safety for himself and his passengers, of course. The difficulty is, so very few of us honestly think we're only just average.

Female (Driver) of the Species Not So Deadly

Any wife who wants to challenge hubby's comments that the women cause all the accidents has only to refer to "Here Today—," a safety booklet published recently by The Travelers Insurance Company. She will find in it facts which prove that 92.6 per cent of all fatal accidents last year were caused by male drivers and only 7.4 per cent by women. In non-fatal accidents, 90.3 per cent involved men, with women involved in but 9.7 per cent.

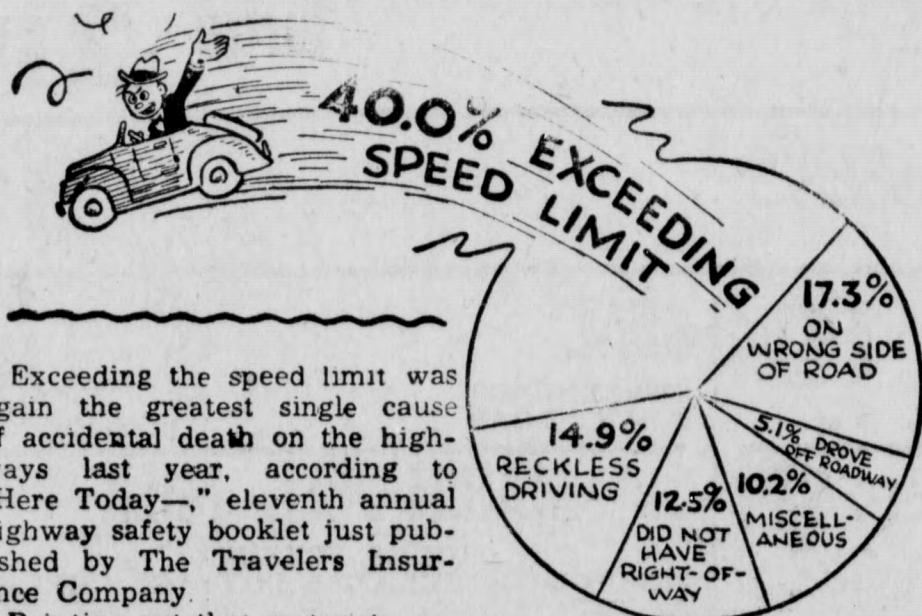

Some of the sting in these statistics will be removed when it is considered that there are many more men driving than women,

but the record is still one for men to be ashamed of.

An analysis of underlying causes might reveal that the belligerency of the men leads them into trouble whereas the timidity of women keeps them safe, but such an analysis has yet to be made.

The statistics seem to indicate that unless men soon mend their driving ways, it will be a woman's world in more ways than one—she may have Old Mother Earth all to herself if male drivers continue to sacrifice their lives with reckless driving on the nation's highways.

Speed Causes Four Out of Ten Traffic Deaths

Exceeding the speed limit was again the greatest single cause of accidental death on the highways last year, according to "Here Today—," eleventh annual highway safety booklet just published by The Travelers Insurance Company.

Pointing out that motorists exceeding the legal speed limit caused two deaths out of every five and that speed "too great for existing conditions" caused nine out of ten deaths, the booklet asserts that more drivers lose their lives in the lottery of speed than in any other gamble they take with an automobile.

Exactly 40 per cent of all deaths in 1940 for which drivers

were responsible were the result of illegal speed.

Other dangerous practices brought to light in the analysis are: Driving on the wrong side of the road (this killed 4,150 and injured 123,830); reckless driving (this killed 3,580 and injured 100,770); and failure to observe or grant the right of way (this killed 3,000 and injured 285,700).

Report Shortage Of Civil Service Nurses

Two civil service examinations for nurses have been announced by the Federal government, according to officials at the Colma post office.

Open for receipt of application are Announcement No. 38, "Public Health Nurse," \$2000 a year, and "Graduate Nurse," \$1800 a year; and Announcement No. 100, "Junior Graduate Nurse," \$1620 a year. The former is open for the U. S. Public Health Service and the Indian Service, including Alaska. The examination is "un-assembled," and has no written test. The latter is for the U. S. Public Health Service, the Indian Service, and the Veterans' Administration. It includes a written test.

According to government communications, there is an acute shortage of nurses for civil service positions.

Want Any Fresh Vegetables Today?

Scouts and cubs of Group 141 have been busy during the past months tending their gardens, and now they have all sorts of fresh vegetables for sale.

Anyone who wants to buy some of this fresh garden produce is asked to call Reverend N. M. Lewis, pastor of Grace Church of the Nazarene—Randolph 7080.

The annual paper drive, put on by the local scouts and cubs, is in full swing. Persons with old papers they've been trying vainly to get rid of, have merely to call Reverend Lewis, and the uniformed youngsters will take care of the papers.

Winner of second prize in the indoor aviation contest at the Scout-o-rama was Frank Devlin, of Scout Troop 141. He built a low monoplane with a 16-inch wingspread. He took the prize in competition with scouts from the entire San Francisco area.

A trek cart, although unfinished, won fourth place among eleven entries for the local troop.

CANDIDATES STATEMENTS

Peter J. Markovich

To the People of Jefferson Union High School District:

Being civic minded for the past ten years, which is a part of the 28 years I have resided in Daly City, I have decided to run for the trusteeship of Jefferson Union high school.

I feel justified to run in-so-far as I am a Jefferson Union high school as well as a college graduate. I also have served this community by being affiliated with the local branch of the Bank of America. As for qualifications, I know I have the ability to perform the duties of that office, if I am elected.

During the past year I have attended nearly every school board meeting, which has helped me familiarize their course of procedure.

If elected I promise to guard the taxpayers' money and to get the most possible out of every dollar spent towards the betterment of the school. My aim is to make all those connected with the school happy in their surroundings.

Signed:

Peter J. Markovich

Russian 'Verst'

The verst, Russian measure of distance, equals about two-thirds of a mile.

Remi Sanders

On June 6 the voters of Jefferson Union High School district will go to the polls at the grammar schools and elect a member of the Board of Trustees of the Jefferson Union High School district to serve for three years. I have served this school district for six years, the last two as Chairman of the Board, and in this time have learned much of the details of school operation and administration.

Through cooperation between the voters of the district and the board of trustees, working in harmony with Principal James Ferguson and the faculty of the school, we have an institution of which we are all proud.

Our gymnasium and swimming pool are unexcelled, our tennis courts are not surpassed anywhere, our athletic fields are equal to the finest even of those belonging to our state colleges—all built to afford the boys and girls of this district recreational advantages that will insure them the finest physical development under conditions that are in themselves ideal. And these recreational facilities are open for the use of adults during evenings and at other times when not occupied by the students.

Rev. N. M. Lewis Observes 4th Year

N. M. Lewis, pastor of Grace Church of the Nazarene, celebrated his fourth year of service in his church and to the community Sunday.

"I have enjoyed my work in Daly City very much," he said, and told how he was looking forward to serving the community and pastorate for the next two years.

Reverend Lewis has two more years of the three he was called to serve. He has lived in Daly City for four years, at 33 San Pedro street.

Under his leadership the membership of his church has doubled, and activities have grown in number and variety. There is something offered for the edification of those of every age.

There is an active young people's society, a prayer meeting each Wednesday, and a missionary society, beside the regular Sunday service.

Paul Lewis, son of Reverend Lewis, is president of the young people's society, and a student at San Mateo junior college. Reverend Lewis also has a daughter who is married and lives in Salinas.

House of Cotton

The Farm Security administration is conducting experiments in the use of cotton as a building fabric. A house has been erected in Coffee, Ala., with roof and walls covered with cotton duck. The material is nailed to a smooth backing of plywood, plaster or composition board. It is painted with a mixture of white lead and linseed oil. The cost of such a house, including modern plumbing and electric wiring, is only about \$1,350.

ELECTION

A good stiff battle is being launched by the candidates for the student body positions as election nears. Numerous petitions with the names of the candidates for next term's student body officers were handed in, last week.

The election will prove to be an interesting one with so many students running for each office. Members of the executive board again reminded the students that ticket of admission to the polls is the student body card.

Names of candidates are as follows: president, James Parker, Bob Grimes; vice-president, Roy DeVincenzi, Norman Wiseman, Pat O'Brien; secretary, Eugenia Rich, Mary Picchi, Carmel Robin, Ardis Hatton; treasurer, Grace Lopresti, Barbara Wilmoth, Norma Simonetti; yell-leader, Tillie Castro; judge, Bill Keely, Lloyd Rentsch, Harvey Melicker, Art McCrystle; sergeant-at-arms, Charles Razzari.

CONTEST

Jefferson again got its name in the limelight, as a popular junior brought home first prize for prose in the William A. Cooper contest. Winner, Edith Frasshauer, won first place among all the high school students in California taking German.

The contest was state-wide and sponsored by Stanford university. Edith was presented with a \$5 check from the university, by James Ferguson, principal, during an assembly program last week.

DRAMATICS

The ever-popular Roy De Vincenzi is again hard at work on a one act hill-billy comedy. De Vincenzi will act as student director for this play.

"Comin' Round the Mountain" is to be presented Tuesday in a play assembly. Proceeds of the play will be given to the school paper.

Taking part in the one act play will be Dorothy Kampa, Melba Frei, Lillian LeKoff, Amy Vincent, Bessie Pastrokas, Bill Jones, Bill Clement, and Clyde McAndrews.

ASSEMBLY

Honoring the student body of Jefferson was the appearance of Policewoman Cathryn Sullivan, at Friday's assembly.

She spoke to the students on the life in London today and compared it with life in America. She also stressed the importance of honesty among high school students and cited several cases where San Francisco youngsters have recently been involved in shoplifting.

Mary Heywood, vice-president of the student body, introduced Mrs. Sullivan to the student body. Mrs. Alice Hill accompanied Mrs. Sullivan.

TOTEM POLE

Well, the old Totem Pole shop has closed its doors for another semester is drawing to a close. The reporters have quit snooping, the editor has rolled down her sleeves and wiped the ink from her hands. Yes sir! that's all there is there, "taint no more." The last school paper was out Thursday and now hard work on the senior editions has really begun.

A bouquet goes to the staff of the Totem Pole for their fine work this semester, and the students will all be looking forward to the first edition in September.

Music

Members of the Indians of Rhythm, under the direction of Dante Lembi, put on a benefit show, Wednesday, for the students. The proceeds were put into the athletic injury fund.

Harlan Ferrando made his usual hit, with the students, as he sang the popular number "Number 10 Lullaby Lane." Others participating in the program were: Mary Sue Denton, Lawrence Ca-

serza, Ardis Hatton, Lorraine Vernazza, Tillie Castro, Daisy Yonan, Louise Sowle, James Matteucci, Maria Elena.

Ralph Capps tap danced to several selections, and the band played "Star Dust" and "Intermezzo" as two specialty numbers.

South San Francisco high school played host to over 35 Jefferson students, Friday. It has been the custom of the two schools to have an exchange assembly once a semester.

Lembi and his entire unit travelled down the line in private cars to put on their show for the students of South San Francisco.

John Razzari, student body president, went with the show to act as master of ceremonies.

CHORUS

This week, members of the chorus are having a heavy schedule. Today during the regular assembly period, the group will present the student body with several vocal selections.

Several popular pieces will be sung including "Chloe" and "Amapola."

Gloria Tooth will present the students with a piano solo, "Claire De Lune" by Debussy.

Of special interest to the students and musical teachers will be the program presented tomorrow by members of the Bayshore grammar school band. Mr. Kesson, musical instructor of the grammar school, will be in charge of the group.

"These students, playing in the band, will eventually come to Jefferson, and the knowledge they gain while in grammar school will prove quite an asset when they enter high school," said Oscar Busch. "Their knowledge of music will make it easier for them to become valuable members in our music organization," he concluded.

Sports

GPAL

Volleyball champions have been announced. Verna Flatt, volleyball manager, today announced the winners of inter-club volleyball were clubs 3 and 4. They managed to capture the winning score in three of their four games.

Last playoff was held Wednesday between 3 and 4 and 1 and 2. Team 1 and 2 were ahead until the end of the first half with a score of 27-23. As the whistle blew for the second half 3 and 4 brought in a score of 32-37 in their favor.

Playing for the winning team were Jones, Sarge, Larson, Compagno, P. O'Brien, Hanel and Hall.

Team 1 and 2 included: Falbo, Flatt, Blandini, DeMartini, G. O'Brien, Sheridan, Wilmoth, Agresti, and Adams.

GOLF

Last Tuesday the members of Jefferson's golf team travelled down to the El Camino green to play a game with Sequoia. The boys beat the Sequoia tee men 17½-6½.

Playing for Jefferson were: Bob Dyer, Serafino Ragni, Peter Gil-senan, Lawrence Marcelli, Ed Brisneo, Norman Wiseman, Bruce Brown, Gino Ottonello.

Arthur Quirnbach, golf coach, today said he hoped the boys would place somewhere around third or fourth in the big golf rally. The big event is scheduled for this coming Friday, and there will be seven PAL schools participating.

DECATHLON

Finals of the Decathlon were held, last Friday, at Jefferson's cinder bowl. Results were as follows: 110 16 division was a tie for first between Chelone and Van-Kirk; third, Knight.

120 16 division, first, Barsi; second, Harmon, and third, Bybee; varsity, Steele and Faulk were tied for first, and Peter came in third.

Medals were given the boys who placed first and certificates were given all three placers.

Campus Fashions

Well, girls, here we are on the last lap before the senior ball. We've discussed at length what the best dressed young lady will probably wear. Now, it's the proper time to discuss manners. No matter how fetching your gown may be, it will all be wasted if your manners don't match.

Here are a few helpful hints in the matter of ball room etiquette. When you first enter the school be sure to speak to the reception line, which usually includes your teachers. If your escort is new to Jefferson and the teachers, it is always a nice gesture to introduce him.

When a boy asks you for a dance, even though it may seem silly to you, answer him with a polite "Thank you, but this dance is taken," or "Yes, certainly." Don't ever say, "O. K."

If you refuse a dance to one boy because you don't like his two-step, never accept another for the same dance, even if he is the best dancer in the school.

Whenever in doubt about the right thing to do at the right time the best rule to follow is "do the considerate thing," and you'll more than likely be doing the right thing.

Speaking of manners, this week's campus Miss is a sweet little thing, who knows her P's and Q's about etiquette.

She was cute as could be in a blue print princess-style wash dress. Her eyes were exactly the same color as her dress. Golden brown hair all arranged in a sweet coiffure framed her face.

Her smile was what caught my eye right away. She has the prettiest pearly white teeth you ever saw. And besides the blue eyes, brown hair, and pretty teeth she also has a cute dimple.

After talking with her I found out she has a twin and another sister. If her twin is like her—lucky girl!

In case you still are a little confused about our little Miss, she is none other than Jean Tvedten. Her sisters are Grace and Thelma. So to you, Jean, goes this week's bouquet, along with a couple of orchids for your sisters.

Chinese Secret Societies

Police raids on two big meetings in a Canton, China, cemetery resulted in the arrest of nearly 100 Chinese who were suspected of being members of illegal secret societies. The societies hold their meetings at the grave of one of their slain members.

Movie Monopoly

Coatesville, Pa., is the only town in the United States where the Y. M. C. A. has a movie monopoly. Its only competitor was taken over about seven years ago. The town frequently sees first run pictures before Philadelphia or New York.

Matoaka Council Represented At Meet

Many of the past officers of Matoaka Council No. 18 attended the monthly meeting of the Past Po-hahontases and Past Powhattans association, last Monday evening.

The guest of honor was Great Pocahontas Helen Saltzen. The event is one of the highlights of the year. Also present were two past presidents, Marion Welch and Tillie Cavagnaro. Among those nominated for office was Thelma Satariano, for chaplain.

Tuesday evening found the Matoakans in the "teepee" of Mochican Council, at 240 Golden Gate avenue, for their official visit of the Great Chiefs. The district deputies from San Francisco acted as the escort team for the Great Po-hahontas. Of the 18 there were four from Matoaka, Mary Hennessy, deputy for Seneca; Marion Welsh, deputy for Minnequa, San Jose; Nellie Seagrave, deputy for Mohican; and Past Great Po-hahontas Tillie Cavagnaro.

Wednesday, May 14, was Mothers' Night. The Matoakans saw a movie called "Fun in the Kitchen." there were contests in apple-paring and eating, and other culinary diversions.

New Ice Follies To Open Today

Sparkling with all-new entertainment—new routines, new ensembles, new music and new production, the famed Ice Follies has returned to San Francisco for a limited engagement at Winterland beginning today.

The same great cast of international skating stars will again be seen in the dazzling ice show and the same beauties who delighted some 750,000 central Californians in 1939-40 will do their ice ballet numbers.

Return of the Ice Follies to San Francisco will climax an Eastern tour in which all boxoffice records were shattered. Executives of the show declared that the "SRO" signs were out virtually every night in New York, Boston, Washington, Philadelphia and other cities.

Favorite stars due back with the Ice Follies include Evelyn Chandler and Bruce Mapes, Bess Ehrhardt and Roy Shipstad, Frick and Frack, Shipstad and Johnson, Ruby and Bobby Maxson, Idi Papez and Karl Zwack, Osborne Colson and Fran Claudet and others.

Tickets for all performances are now on sale at Winterland, Post and Steiner streets; and at Sherman Clay company boxoffices in San Francisco and Oakland.

40 & 8 Enjoy Crab And Beer Feed

The 40 & 8 society of the American Legion, San Mateo county, engaged in what is known in masculine circles as a "crab and beer feed" last night at Burlingame Legion hall. Several Daly City members were present.

Frank Gomes, chef de gard, presided over the meeting. A. G. K. Jacobsen, Daly City Post No. 410, American Legion, is chef de train and assisted with the program.

Arrangements are going forward for a card party and dance, Saturday, June 14. The public is cordially invited. The place will be Burlingame Legion hall.

The "Chef's Dinner," highlight of 40 & 8's social season, promises to be one of the best in years, according to Legionnaires at work on arrangements. The date of the affair has not yet been set.

Grammar School News

At Jefferson Grammar School CIRCUS

Daring acrobats, ferocious lions, trained seals, and clowns, all those things which go to make a circus, were seen and enjoyed by the pupils of the second and low third grades, last week.

The students were the guests of the Shriners at the San Francisco civic auditorium for an afternoon of circus fun. This rather unexpected activity was the climax to an interesting social science unit on "The Circus."

"To most of the children this was a new experience and therefore doubly thrilling," stated their teachers. "To all of the class members it made their studies on the unit more realistic and interesting. This fact, plus the pleasure derived from it, made the trip worthwhile," concluded the teachers.

At Crocker School

ROOM 5

The final program for the Standard Symphony broadcast was concluded, last Thursday. Pupils of the low sixth and high fifth grades have been listening regularly to this weekly broadcast, which has increased their knowledge, understanding and appreciation of music.

ROOM 1

On Memorial Day, approximately fifty students from Crocker school will march in the parade. Many pupils are marching with organizations, and others have volunteered. The parade will start at 10 a. m. and conclude at the park.

ROOM 2

Last Thursday the pupils of Room 2 bade farewell to Donald Braff. Donald moved to Burlingame and will attend school there.

At Woodrow Wilson Elementary School

ROOM 15

Charlotte Taylor visited her relative's ranch in Sonoma county, last Sunday. She was quite interested in seeing all the farm animals.

George Parker celebrated his twelfth birthday, last Thursday. Attending a party given in his honor were: Richard Gamba, Jerry Danford, Harry McCune, and Herbert Derung.

Darlene Clark went to Searsville lake, last Sunday. From all reports she had a grand time.

ROOM 14

Pupils of Room 14 have decided to study "Transportation" as their next social science unit. Taking the limelight of interest right now is transportation by rail.

To get an idea of the development of the railroads, some of the boys have started to assemble train models. To date they have finished the engine, coal car and two coaches of the DeWitt Clinton model. Next they are going to attempt the Tom Thumb train.

ROOM 12

In order to better understand the importance that air travel plays in the world today, the children of Room 12 are studying transportation with emphasis on aviation.

In connection with this they are making a large map of the world tracing the routes of the clipper ships and are using tiny airplane models. Through this, and other methods, they can see how the world is brought more closely together by means of aviation, said their teacher.

the cost of the Authority. A new low-rent residence will be built for each one destroyed.

Ninety per cent of the bonds financing the project will be purchased by the state. The new homes erected would be exempt from city taxes. The agreement stipulates that city utility services will be supplied free to these homes. The Authority would collect rents, which would include utility costs.

This plan is still in its inception and may not proceed beyond the taking of a survey, depending upon the attitude of the city government.

Local people will be used in taking the survey, which will cost approximately \$500. The Authority will designate on a map the poor-quality houses and sections. These will be discovered with the aid of the city health, fire, and police departments. Enumerators will go from house to house, determining whether they fall below the standard set by the Authority.
